

# Worksheet #1: Vision Impacts

*Imagine it is 10 years from now and we've done it – we have transformed our community into one of the best places for children and families in the country. What would be different for children and families in this community from where we are today? Be specific!*

Health

Education

Economic Security

Other Impacts

## Worksheet #2: Vision Ingredients

1. What did our community build or put in place to make this vision a reality? What did we create for:
  - a. Children and families?
  - b. Our neighborhoods?
  - c. Organizations providing supports and services (early learning, school, health care, etc.)?
  - d. The relationships across Battle Creek organizations (how they work with each other)?
  - e. The broader community?

# Worksheet #3: Barriers to the Vision

Why aren't the vision ingredients in place today in our community?  
Think about the 6 types of common community barriers in the "cloverleaf"

In the space below, list obstacles, issues or constraints that are getting in the way of the vision ingredients. These should be specific examples that are based on actual **lived experience or first-hand knowledge**. You should identify at least one obstacle or barrier for each vision ingredient identified by the large group.

Vision Ingredient:	Issues/obstacles/constraints/barriers in the way of putting this ingredient in place:
Vision Ingredient	Issues/obstacles/constraints/barriers in the way of putting this ingredient in place:

## Learning Expedition Guide

As you are visiting the other teams, answer these questions...

1. Did the other teams identify any additional issues that your group should consider adding into your root cause analysis?

2. Were there any root causes you saw on multiple team's flip charts?
